

Warren County Citizens,

After careful consideration, input from Mayor Hall, Fire Chief Beck, along with citizens and organizations within the City of Milo, we regretfully announce the Milo 4th of July Committee has made the tough decision to cancel this year's celebration. This will include the day of events in the Milo City Park and at Centennial Park along with the annual 4th of July firework display. As you may be aware, we are one of the last local community celebrations to cancel. Our hope was that the safety risk of our citizens from COVID-19 would be diminished in time for our town's celebration. Unfortunately, even with the Governor's proclamation allowing gatherings of more than ten people, the regulations needed to keep everyone safe were unobtainable by both the volunteer staff and park accommodations (restrooms, hand washing stations, hand sanitizing etc.).

Independence Day however is not cancelled. The committee with the help of the great citizens of Milo are determined to not let July 4th, 2020 pass without honoring our great nation. Please like and follow The Milo 4th of July's Facebook page, look for upcoming newsletters and the City of Milo's Facebook page for updates on how we can honor and celebrate our great nation as a community and virtually. In these new and unprecedented times, we strive to celebrate our nation's freedom while protecting our community members. We look forward to sharing the holiday with the great citizens of Milo. We are all in this together and will continue to get through it together.

Sincerely,

The Milo 4th of July Committee

Bill Baughman, President
